

# YOUR INSPIRATION GUIDE 2025

# INTRODUCTION

# ENDLESS POSSIBILITIES ON... EVERY BUDGET

Welcome to our 2025 Inspiration Guide with a carefully selected product media collection, designed to meet your needs and to inspire your customers.

A selection of more sustainable products and Recycled Classics as well as timeless bestsellers, over 140 new products and much more. Our 'Create Your Own' service offers a range of products all available with full customisation. From entry-price level products to retail brands – you will find a match for every budget.

Supported by mood scenes, created with our in-house logo tool, GIFs, videos, and mood imagery. These resources are available and ready for you to use in your marketing communications.

**The possibilities are endless...**

# GREEN POINTS

With every product in this catalogue, we mention a value in Green Points. These points can be used to navigate the collection and identify the more sustainable options. We have identified 8 different elements that give a transparent overview of the impact of a product. Elements scored are for instance the material, the country of origin or the recyclability of a product. Every product has a Green Passport on our PF Store explaining in detail how we score the products. This makes it easy to compare products and make a choice based on your own sustainability strategy.

**Let's move forward »**

# MOVING TOWARDS A FUTURE PROOF PRODUCT MEDIA INDUSTRY

At PF Concept, we are committed to foster ESG + P (Environmental, Social, Governance + Product) principles to future-proof our industry. Our focus is on addressing critical material topics such as climate change, circular economy, and the well-being of our own workforce and workers throughout the value chain.

We do this by focusing on three things:

## LEADING BY EXAMPLE, SUPPORTING OUR CUSTOMERS 'RETHINKING PLASTICS 2030' STRATEGY

### Leading by example

We are not just setting ambitious goals; we are taking concrete actions. Transparency is key to our approach. We share data openly and collaborate with trusted third parties to validate our progress and ensure accountability. We have partnerships with global initiatives, like UNICEF the Netherlands, and are committed to the sustainable development goals (SDG 8, 12, 13, 14, 15 & 17) of the United Nations.

WE SUPPORT

An aerial photograph of a winding asphalt road cutting through a dense, lush green forest. The road curves from the upper right towards the lower left. The image is framed by large, semi-transparent green geometric shapes: a triangle on the left and a larger shape on the right. The text is centered over the road.

**Let's move  
forward»**  
to a lower impact

## Supporting our customers

The world is changing, and so are we. We aim to reduce the environmental footprint of our activities across the entire supply chain. We are committed to transparency, sharing data, and partnering with third parties for proof and validation. We support our customers with tools for their sustainable journey.

## Rethinking Plastics

The way forward is phasing out all virgin fossil-based plastic by 2030.

Future-proofing our industry requires a critical evaluation of the materials we use in our products and packaging. These materials can contribute to climate change, pollution, and increased waste. We are committed to reducing our environmental impact by using innovative, sustainable materials, designing our products to be more circular, and eliminating all virgin fossil-base plastics from our products and packaging by 2030. We are changing how we design, use and reuse plastics.

**Let's move forward to a lower impact >>**

Discover how we're committed to lower our impact and support our customers with easy-to-find information on our sustainability pages.

**Discover our sustainability pages**

A hand is reaching down towards a discarded plastic bottle lying on a sandy beach. The scene is set against a bright sunset sky, with the sun low on the horizon. The image is framed by teal-colored geometric shapes in the corners. The text "Let's move forward» to a lower impact" is overlaid in the center.

**Let's move

# MOOD SCENE GENERATOR

In our market we are used to quoting with product visuals: we show end user logos on product images. Visualising a logo on a mood image takes a lot of “graphic” time, time you can’t afford to miss for daily quotes.

We are very proud to announce that we have found a digital solution for you. Have you already tried our Mood scene generator? With just a single click you can visualise a product with your customers’ logo in a mood image. You can have a bottle placed in a very nice home office environment, or a backpack on a track field. Select the mood scene, download it, and share it with your customers, they will love it!

In this inspirational gifting catalogue we have incorporated imagery created by the Mood scene generator. All of these images are highlighted with the tag **”Mood scene generator image”**. We invite you to use the mood scene generator to create inspirational mood imagery with just a click.

# CREATE YOUR OWN

## A WORLD OF POSSIBILITIES.

With Create Your Own, just about anything is possible. Looking to create your own custom-made product with custom materials, products in your company's PMS colour, special accessories or a unique printing – Create Your Own makes it possible. And only in a few simple steps. As the leading procurement specialist for the largest range of product media, we offer competitive prices, short delivery times, low minimal quantities and full compliance. With our Create Your Own collection you can create your own custom-made products in a few simple steps.

# THE LEGENDARY NOTEBOOK

The Moleskine notebook is the heir and successor to the legendary notebook used by artists and thinkers over the past two centuries: among them Vincent Van Gogh, Pablo Picasso, Ernest Hemingway and Bruce Chatwin.

Today, it is celebrated in pop culture as a contemporary icon, an inviting blank space where your own words and sketches join you to an ever-evolving relay of creativity.

A woman with dark hair tied back, wearing a light grey short-sleeved t-shirt. The t-shirt features the 'ASTEC' logo in the center, where each letter is a different color (A: blue, S: yellow, T: red, E: green, C: purple). She is also wearing dark blue pants. The background is white with large, faint grey letters 'R' and 'D' visible. A blue circular logo is on the left side of the image. In the bottom right corner, there is a small green logo with a stylized 'G' and 'P' and some text below it.

SHIK1 | Organelle

Legend: 10 color-coded circles representing a scale from black to white.

# MIX & MATCH AMERICANO

  
**MADE IN  
EUROPE**

## THE PROGRAM:

The Americano range of drinkware offers you an easy way to customise your drinkware by mixing and matching components to create your ideal design. It's a simple but effective way to create something unique for your brand!

## THE OPTIONS:

You can mix and match across the whole Americano range, so:

- Choose your tumbler
- Choose your lid style
- Choose your grip (if you want one)
- Choose your colours
- Add your logo!

## THE PRINT:

Screenround, In-mould labelling (for Brite-Americano models, Screenprint (for grips)

**MADE IN:** UK

**MOQ:** 50 pieces

**PRODUCTION TIME:** Varies by print method

7L | GRS certified recycled cotton | 38 x 42 cm | 0.500 kg CO<sub>2</sub><sup>e</sup>  
●●●●●●●●●●●●●●●●

In our pursuit of environmental responsibility, we launched new and recycled versions of our bestselling articles. We are striving to replace existing products with more sustainable alternatives.

CREATE  
YOUR  
OWN

### THE OPTIONS:

- Change the material (e.g. switch to BCI or organic cotton)
- PMS match the material
- Further customise with alternative print techniques, such as edge-to-edge printing
- Add information labels

# THE LEGENDARY NOTEBOOK

The Moleskine notebook is the heir and successor to the legendary notebook used by artists and thinkers over the past two centuries: among them Vincent Van Gogh, Pablo Picasso, Ernest Hemingway and Bruce Chatwin.

Today, it is celebrated in pop culture as a contemporary icon, an inviting blank space where your own words and sketches join you to an ever-evolving relay of creativity.

## ROTATE USB RANGE

# USB DRIVES

## THE PROGRAM:

Our range of USB 3.0 flash drives are the perfect tech companion. The popular 'Rotate' design is available in a wide range of colours, and with lightning-fast data transfers.

## THE OPTIONS:

- A range of styles to choose from with solid, metallic and translucent finishes, plus a case made from recycled paper
- Capacity options from 1GB up to 64GB
- Huge selection of colours to choose from on core models

## THE PRINT (VARIES BY MODEL):

- Digital print
- Laser engraving
- Screenprint
- Doming

**MADE IN:** China

**MOQ:** 100 pieces

**PRODUCTION TIME:** From 12 days

# SUBLIMATED HEADWEAR

## THE PROGRAM:

Our range of lightweight polyester headwear is designed for full colour sublimation, giving a great canvas for a colourful, on-brand design.

## THE OPTIONS:

- Choose from 4 material styles:
  - 190 g/m<sup>2</sup> polyester
  - 190 g/m<sup>2</sup> recycled polyester
  - 190 g/m<sup>2</sup> recycled polyester with fleece panel
  - 135 g/m<sup>2</sup> polyester with Coolmax<sup>®</sup>
- Choose from 3 products:
  - Beanie (3 sizes)
  - Multiscarf
  - Headband

## THE PRINT:

Full colour sublimation

**MADE IN:** Poland

**MOQ:** 150 pieces

**PRODUCTION TIME:** From 3 days

# PLANTS

## THE PROGRAM:

The gift that keeps on giving!  
Our range of desktop plants offer something with plenty of interactivity, longevity and a great platform to promote a brand.

## THE OPTIONS:

- Desktop Garden, in black or silver, with two soil coins and a choice of herb mix, or bee-friendly seed mix
- Desktop Garden – Set of 3, in matching colours and matching contents
- Mini aluminium pot in black or off-white, with a cactus or succulent
- All items supplied in a kraft gift box which can be printed

## THE PRINT:

- Full colour print
- Full colour labels  
(to desktop gardens only)
- Print is also possible to the card packaging

**MADE IN:** UK & Poland

**MOQ:** 50 pieces

**PRODUCTION TIME:** 15 working days

Our digital tools help you to inspire your customer. Our large inventory and fast branding enable any project. Our sales experts are at your service to support you to win with your customer. Ordering is efficient thanks to our outstanding web shop.

# **DIGITAL TOOLS TO EMPOWER YOUR SELLING.**

**As we are serious about being your preferred product media expert, we have developed tools to help inspire your customer, saving you valuable time and allowing you to focus on selling.**

## 3D LOGO TOOL

Instantly create  
3D models of a product  
with your branding.

## 3D logo tool.

Instantly create 3D models  
of a product with your branding.

## MOOD SCENE GENERATOR

Upload a logo, position  
it and let our tool create  
a gallery of mood scenes  
based on your design and  
uploaded logo.

## Mood scene generator.

## CATALOGUE CREATOR

Inspire your customers  
with branded catalogues.

# PRINT TECHNIQUES

PF Concept - Poland Operation is an One-Stop-Shop and full service product printing service with a complete range of stock. Located in Poznan, Poland, PF Concept has built a stock and printing facility.

With the One-Stop-Shop solution PF Concept takes away all hassle. We offer all-in printing services based on all-in product prices. Branding done by PF Concept is fast with the possibility for next day shipment, delivered all over Europe, directly to the end customer if required. This service is unique in the market and will help to quickly deliver branded products.

## DIGITAL PRINTING

Digital printing is a method in which precise ink droplets are sprayed onto a surface to create an image, and the ink solidifies when exposed to UV light

## DIGITAL STICKERS

A digital sticker is a label with adhesive backing that is produced using digital printing technology. These stickers are created from digital files and can include a variety of designs and text.

## SCREENPRINT

Screen printing is a printing method that uses a mesh screen to transfer ink onto a substrate. This process is commonly employed to produce vibrant and long-lasting prints on a wide variety of items.

## DEBOSSING

Debossing is a printing technique that entails using a heated die to press a design into the surface of a material, resulting in an indented effect

## TRANSFER

This process involves printing the desired design on an initial non-fabric surface and then using it to transfer the design onto your textile merchandise.

## PADPRINT

Pad printing is a printing method that involves transferring ink from an engraved plate, typically made of metal or silicone, to the surface of 3D objects with irregular or curved shapes.

## LASER ENGRAVING

Laser engraving is a precise technique that utilises a focused laser beam to remove material and produce permanent and intricate markings on a variety of surfaces. The process vaporises material, generating high heat to incise designs.

## IN MOULD LABELLING

In-mould labelling is a technique used in plastic container manufacturing, where a pre-printed label is positioned inside a mould before shaping the plastic container. During production, plastic material is heated, placed into the mould, and merges with the label to create a unified product.

## SUBLIMATION

Sublimation printing is a digital printing process that uses heat and pressure to transfer dye onto different materials. It is commonly used to print on polyester fabrics, but can also be used on other materials such as ceramic, metal, and plastic.

## RELIEF MOULDING

Relief moulding refers to the process of creating a raised design on materials. This is often achieved by using special dies to press the design into the material, resulting in a tactile, three-dimensional effect.

## EMBROIDERY

Embroidery involves the creation of patterns by stitching threads onto a fabric.

## 360 LASER ENGRAVING

360-degree laser engraving allows for precise engraving on more complex rounded products.

## 360 DIGITAL PRINT

360-degree digital printing enables full-colour printing on the entire surface of an object and is frequently employed for customising products.

## SCREENROUND

Screenround utilises the same technique as screen print, except the product is turned and moved during the printing process.

## HOT STAMPING

Hot stamping is a printing process that uses heat and pressure to apply foil between a die and the surface to be stamped.
